## WILL SUPPRESS LADRONISM.

Philippine Government Takes Measures to That End.

MILITARY WILL GIVE AID.

Extent of Its Operations Depends on Circumstances-Martial Law May Be Declared.

Manila, Nov. 9 .- The government is adopting vigorous measures to suppress ladronism in the provinces of Cavite. Rizal and Bulacan. A zone embrac ing these provinces and surrounding Manila is the scene of constant petty and sometimes serious disorder. Several armed bands, some of them numbering 200 or 300 men, are operating in the described districts and have committed various depredations. They find a safe refuge in the mountains. The plan of the government contemplates summoning the assistance of the military which has been inactive since the and of the insurrection. The extent of the army's participation in the work of suppression depends upon developments. It is probable that the military authorities will request the garrisons to setect the more important towns, while the constabulary conduct the field operations. It is thought that martial law, in a modified form, will be declared and the privilege of the writ of habeas corpus suspended in Cavite province, which has been the home of the ladrones for ages.

Military control of Cavite province is

not contemplated. It is intended that the military and civil authorities shall work in conjunction. The belief is held that advantage has been taken in some parts of the island of the complete in-activity of the soldiers, and it is thought that the use of the army by the civil authorities will have a benefi-

cial effect.

The vigorous campaign against the ladrones, conducted by volunteers in Bulucan province, has resulted in driving many refugee bandits into Rizal, where the campaign is now opening. Gen. Dat's is co-operating with Gov aft. He has strengthened the garrisons in Rizal and is supporting and as-sisting the native constabulary which is now affected. The operations in Ca-vite province will commence shortly.

San Antonio, Tex., Nov. 9.-After a day of sightseeing, which included a visit to Fort San Houston and a recep-tion by Commander Fred Grant and staff, a majority of the delegation of Chicago business men on a tour of the southwest, were conducted to a hall, where they were given an exhibition of cock-fighting and a contest between a badger and a buildog.

AN EXAMPLE OF WITCHCRAFT

Hoonah Indians Cut off Ears of a Man Possesssed.

Tacoma, Wash., Nov. 9.--Dispatches from Skagway and Juneau give brief details of a horrible example of witchcraft and superstition in the Hoonah Indian village, 40 miles distant from Juneau. Though quiet and peaceable the Honnah Indians are very superstitious, and nearly every year one or more suffers death violently. Several days ago the Indians took a man who was believed to be possessed of the and made him the victim of frightful atrocities. His ears were cut off and his body frightfully hacked in an unsuccessful effort to drive out the The victim was troubled with epileptic fits, which continued. EVACUATION OF SHANGHAL.

Doubt Thrown on Reality of Re-

ported Settlement. London, Nov. 9 .- The Daly Mail and the Daily News this morning throw doubt upon the reality of the reported settlement of the evacuation of Shanghal. The former paper hints that Germany has a secret understanding with China in the matter, and the latter journal declares that Emperor Wil-liam's visit to King Edward is concerned with that question and with an endeavor on the part of Germany to secure a quid pro quo for German acquiescence while Great Britain completes her arrangement with Portugal with reference to Delagon bay.

The Daily News further accuses the government of imperiling the British osition in China in order to secure the barren concession of Delagoa bay. Coaccording to the Daily News, to obtain working agreement with regard to Delagoa bay at whatever cost New York. Nov. 10 .- It is expected

that the differences between Great Britain and Germany regarding the evacuation of Shanghai will be the subof a number of questions this week in the house of commons, says a Tri-bune dispatch from London, although possibly the government is not yet in a osition to make a statement on the subject while it would be obviously awkward to have a debate when the kalser is a guest of this country.

#### MOTORMAN'S NARROW ESCAPE Crowd Wanted to Lynch Him for Running into a Wagon.

St. Louis, Mo., Nov. 9 .- A crowd tonight attempted to lynch the motorman and conductor of a trolley car that struck a wagon containing 12 per-sons at Jefferson avenue and Howard street, injuring eight. One, a girl, was injured internally and was taken to a hospital. The others received severe burises, but were able to go to their

A crowd soon collected around the wagon, and some one shouted "Lynch the car crew." Instantly a rush was made for the conductor and motorman. Several policemen rushed to the rescue and by threats to shoot kept the crowd until a patrol wagon could be. The car men were then taken to the police station to save their

Doctors Methods Better Than They Were Years Ago.

The Patient's Lot Also Much Improved.

Large Doses of Nauscating Medicine No Longer Necessary.

Our forefathers did not have such a delightful time after all. Just think of the round-about way they were obliged to accomplish the many things that are done by us every day, almost without thought, by means of modern inventions. Then think of what happened to them when they were sick. Lucky was the man who was not pounced upon by a doctor and often literally bled to death.

That was only a starter of what was soon to follow. Long, deep draughts brewed from horrible-tasting herbs were continually administered. Remewithout number, each worse that. the other, followed quickly. No won-der so many of our ancestors died young. No wonder life insurance statistics show that we come from a short-

It is in medicine like everything else The day of barbarism in treatment is nearly over. No longer does the doctor deprive the patient of his very life' every particle of strength. A hypodermic syringe charged with the active principles of opium; morphine does the work better and does not do as much damage for pature to repair.

Right on this line comes news of a recent discovery that will undoubtedly prove to be the most valuable one yet made. It is that of Vinol, Wine of Cod Liver Oil, which is nothing more less than a concentrated extract of th ctive medicinal principles found in the liver of the live cod. The above explanation is about all

Every one realizes that there are many cases of wasting dis-eases that could have been cured by the use of cod liver oil, had it been possible to administer the obnoxious remedy; but every one does not know that when they were taking cod liver oil in its old form they were absorbing into the system a vast amount of vilesmelling, obnoxious-tasting grease that was absolutely powerless of doing them any good, but were simply taking it because it was a vehicle that conveyed the peculiar medicinal principles that it was the intention of the doctor to give to them.

Here is where this new discovery will

benefit the world. These principles, separated from the fat and all other unnecessary features, dissolved in a delicious table wine, can now be administered even to the most delicate pa-tient without its being apparent that cod liver oil or anything connected with it is being taken. Kalispell, Mont., Nov. 9 .- There have been no new developments in the Egan search. The reward of \$1,000 has attracted more men into the district, but no Egan. #### FRENCH MINERS' STRIKE. Government Taking Precautions to Handle Another Outbreak.

Paris, Nov. 9.-The government is taking precautions to handle another outbreak on the part of the striking miners in case the decision reached last high; to continue the strike is followed by violence. Troops were active in the mining regions throughout the day, but no serious disorders have as yet reported. The authorities believe that crisis in the strike is near and that the question whether the men hold to their decision to continue the movement

or straggle back to the mines.

Following the decision of the miners corgress to continue the strike there were disorderly occurrences in Lens. Pas de Calais, last night. The cava'ry charged repeatedly a crowd of 15,000 riotous miners and succeeded in pre-venting them from advancing. Considrable minor damage was done. At Courrieres, Pas de Calais,

of non-strikers were sacked and a number of coal wagons were burned. A clash between strikers and gens-d'ermes and cavalry is reported from Cleimont Ferranc. Puy de Dome. It was not attended with serious results. From some mining centers it is re-ported that some of the miners are likely to return to work tomorrow, in spite of the decision of the congress to the contrary.

OUTRAGES IN PORTO RICO.

Senator Spooner Will Call the Presi-

dent's Attention to Them. Madison, Wis., Nov. 8.—Senator John C. Spooner has decided to call President Roosevelt's attention to the reports of political irregularities or outrages in the island of Porto Rico, and probably will ask that an official invest ration be made. Senator Spooner left for Washington last night, having been called there by the president for a conference on the coming message to Congress. The senator will bring the Porto Rican subject to the attention of

the president early this week.
Col. Bird of this city, father of Hobart S. Bird, publisher and editor of the San Juan News, persuaded the senator to take the matter up with the president. He laid before the senator evidence tending to prove that certain prominent members of what is known as the Federal party of the island were maliciously persecuted and prosecuted for their political activity. It is alleged that threats were freely made against the lives of the Federalists should they have the temerity to go to the polls and attempt to vote.

The bishop of Rippon preached on the possibility of the disappearance of race distinctions and the attaining of the grand brotherhood of man. He referred to King Edward's recovery from his illness, to the visit of his kinsman mon-arch and to the ties which have jong united Germany and Great Britain. The bishop said, however, that these countries were divided by the German ocean; a race blended of both peoples was continuing to grow on the other side of the Atlantic, where Germans and Englishmen were becoming one na tivity. The services were closed by singing the national anthem. After-ward the two monarchs walked togeth-

or through the gardens.

During the day King Edward received a host of birthday congratulations and gifts. Emperor William gave him a valuable vase. After dinner a the palace, the royal party heard Jan Kutslik, the Austrian violinist.

## THE STRENUOUS LIFE.

Roosevelt's Book Translated into French for Benefit of the Gauls.

Paris, Nov. 9 .- A translation into French of President Roosevelt's book, "The Strenuous Life," which appeared here last week under the title of "La Via Intense," has attracted widespread interest. The translation is by Princess Ferdinand de Faucigny-Lucing and Jean Izoulet, who declare that their work has the authorization of Roosevelt.
The preface of the translation pays a

glowing tribute to the United States and compares President Roosevelt's book to James Bryce's "The American Commonwealth," saying the latter gives the views of the outside observer, while "The Strenuous Life" gives views of the observer on the inside.

President Roosevelt is described as "the virile champion of a nation which has become powerful in deciding the destinies of the world." The high standards which President Roosevelt

ica are dwelt upon.

Another work, by Vicomte de Noailles, which appeared last week, gives a detailed account of the operations of the French soldiers and marines who participated in the war for American independence. The information contained in this volume was obtained from official archieves. Philadelphia, Nov. 9.—Rabbi Joseph Krauskopf, D.D., of the Reformed Con-gregational Kenesthe Israel, a leading Hebrew of this city, and one of the hebrew of this city, and one of the best known Hebrew clergymen in the east, today delivered a sermon enti-tled "Secretary Hay and the Rouman-ian Jews," in which he criticised the note sent by the secretary to the European powers on the question of Roumanian Jews.

Dr. Krauskopf said three months had passed since the note was issued and

the results that were anticipated have not yet come to pass.

Continuing, he said in part: "My want of faith in the success of these laudable and well intentioned efforts audable and well intentioned efforts on the part of our honored secretary was based on the note itself. Is like Playing with a loaded Gun. If you have Kidney Trouble attend to it at once.

It is easy to tell whether your Kidneys or bladder are diseased. Take a bottle or glass tumbler and fill it with urine. If there is a sediment-a powder-like substance-after standing a day and night, if it is pale or discolored, ropy or stringy, there is somthing wrong with the Kidneys. Other sure signs of disease are a desire to urinate often, pain in the back, or if your urine stains linen.

There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia, Chronic Constipation, and the sicknesses peculiar to women. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night, and puts an end to the scalding pain when assing urine. Rev. Henry P. Miller, pastor Raptist Church, Spartenburg, S. C.,

writes: "For eleven years I suffered with kidney, liver and heart troubles, swim-ming in the head, dull headache and numbness of the limbs. Several phy-sicians prescribed for me and I took different medicines, but none of them did me any good. I then began the use of Dr. David Kennedy's Favorite Remedy, and in about two weeks was

Guard Placed in Boyd's Office to Keep Him Out-Grave Doubt Over Governor's Power in Premises.

Honolulu, Nov. 1, via San Francisco Nov. 9 .- James H. Boyd, territorial superintendent of public works, has been suspended from office by Gov. Dole and arrested on a warrant charging him with the embezzlement of \$1,650 of public funds. The ousting of Boyd makes vacant a third important territorial office and has involved Gov. Dole in another legal tangle as to his powers of suspension of officials.

Boyd was in San Francisco when his chief clerk, B. H. Wright, was arrested on a charge of alleged embezzlement aggregating over \$8,000, and then Preasurer Wright was accused with abonding with \$18,000 of public money nd Auditor Austin was suspended unler grave charges. The superintendent's reply was note stating that he would resume

charge of his office.

As in the case of Auditor Austin, Gov. Dole placed police on guard to keep Boyd out of his office. Boyd appeared at the capitol building and atkept him out and later he returned with is attorney and some witnesses and renewed the effort. There was a violent struggle in the corridor of the building and then Boyd gave up. He will ask the courts for a writ of mandamus to compel the governor to allow him to esume charge of the office claiming that the governor has no power to sus pend him without the consent of the senate. The public works' department the most important under the terri torial government, carrying on large entracts and employing many persons. The department difficulties leave the administration in great embarrassment owing to the doubt as to Gov. Dole' power to suspend an official. #### A Shocking Tragedy.

Honolulu, Nov. 1, via San Francisco Nov. 9.—A shocking tragedy, supposed to have been the result of incendiarism occurred here last Wednesday night when the home of E. B. Friel in Uuuanu valley was burned to the ground and his wife and 15-year-old daugh ter, Mrs. Nigel Jackson, were so severe ly burned that she died in a few hours after fearful suffering. The fire is thought to have been incendiary and Nigel Jackson, husband of one of the victims, is in custody, under suspicion of having committed the deed. Jackon had just been sued for divorce

The fire was discovered at about 2 o'clock in the morning. Mrs. Friel and her daughter Etta were seen at a winw, just as the fire was at its height with another young daughter. The firemen below urged them to jump, and the youngest child did so, breaking her arm in the fall. The mother feared to make the leap, saying she was too heavy, and Etta's last words as heard by the little girl who took the leap were: "I will stay with you, mamma."

The remains of both were found amid ashes after the fire had burned it-

#### Rabbi Wise on "Political Corruption" New York, Nov. 10 .- "Political cor-

ruption," was the subject of an address efore the Peoples' Institute at Union by Rabbi Stephen S. Wise, or Portland, Ore. The most prolific source of political corruption," he said, "is the spirit of blind, bigoted partisanship. Men think today that parties are ends in them-

selves. They are only means to the end which is the country's good, "Political corruption could not last an hour if the so-called respectable classes did not tolerate and support it. "Let us have an end to this Irish-

American, German-American, or Zulu-American. I am an American, In my eligion and moral teachings I am Jew, but I would not vote for a Jew unless he were three times as good as his opponent, for fear that he might discredit that religion. Old Police Captain Arrested.

#### Has Confidence in American Methods

New York, Nov. 10,-A delegation from the industrial commission from England to investigate the conditions in this country attended the weekly meeting of the Central Federation Labor union in this city. Its members were welcomed by several speakers. Acting as spokesman for the visitors, Geo. D. Kelly. The general secretary of the Amalgamated Society of Lithographic Printers, Manchester, declared his confidence in the American methods of

production, believing them to be superi-or to any in the world, "We do not come here, he said," to create any competition with American working people, but rather to foster a fraternal feeling between the working people of the two countries. You are too strong to fear us. You are too rich in mineral wealth and other natural re-sources in this country to have any fear of competition abroad. What we want is honesty of feeling between the workingmen of the two countries, believing the aims of the working people all over the world to be the same—the bettering of their condition."

#### PEACE IN PHILIPPINES. Developments There Are Entirely Satisfactory.

Honolulu, Nov. 1, via San Francisco. Nov. 9 .- The transport Sumner arrived here Oct. 30, en route to San Francisco, with Gen. Chaffee and Vice Gov. Luke E. Wright of the Philippines on heard, The steamer passed through a ter ible experience in a typhoon soon after leav. ing Manila. She lost her boats and had several damaged, and for a num-

ber of hours was in grave danger.
In an interview, published by the Commercial-Advertiser, Gov. Wright had the following to say of conditions in the Philippines and their future:
"The developments following the inauguration of the civil government of the islands have been most satisfactory. We have now civil government almost everywhere and the people seem to be learning its advantages. The system of provincial and municipal government has worked well. During the past year

there has not been a single defaication

and very few thefts. The government is strictly one of civil service. "There is a degre of peace and safe ty in the Philippines now that was never reached under the Spanish rule. The Spaniards used to pay the brig-ands to keep the peace, and we have refused to continue this system. After the passage of the Philippines bill last year we established the insular constab. ulatory, and we now have 6,000 of these police. We find that they are the best men for the business, and they have cleared the provinces of law-breakers with great rapidity. The service is one which appeals to the natives, for the po-

lice are chosen from the tibes where they must serve.
"The future of the islands will be a great one. What are needed most are railroads, and these may be built soon by American capital. There is a trunk line on the island of Luzon now under consideration, and its building will help matters greatly."
Gov. Wright also stated that he con-

#### sidered that the return of the friars was not the best thing for the islands, and he expected that the pope would send a representative to appraise the church lands in the Philippines.

A SENSATIONAL SERMON. Bp. White Says Almost Anarchistic Conditions Prevail in United States

Chicago, Nov. 10 .- Condition almost anarchistic prevail in the United States according to John H. White, Episcopal bishop of nothern Indiana. In a sermon at Grace church yesterday he declared that the American people had forgotten their duties in a mad rush for

wealth and fame.
"It is every man for himself," he declared. "The typical Amercan is heedless of how he achieves his end. Those that come in his way are trampled up-on or pushed aside. It is this lack of respect for the wishes and rights of oth. ers that has brought about conditions in this country that border on the an-archistic." Irreverence, declared Bishop White,

was responsible for the existing evil conditions. He declared that the Amer-ican education tended to create, irreverence and that the strenuosity of American life had the effect of increasing the irreverent spirit.
"Our institutions," said the bishop, "have had such a rapid growth and our progress has been so wonderful that we
